The diagram illustrates a dependency or call relationship. On the left, two white rectangular boxes with black borders contain the text 'Python.Markopy.BaseCLI.parse' (top) and 'Python.Markopy.MarkopyCLI.parse' (bottom). On the right, a gray rectangular box with a black border contains the text 'Python.Markopy.BaseCLI.init' followed by '\_post\_arguments' on a new line. Two blue arrows point from the right side of each white box to the left side of the gray box, indicating that both parse methods interact with or call the init method.
