

/media/ignis/HDD/Repositories
/MarkovPasswords/MarkovModel
/src/pch.h

```
graph BT; A["/media/ignis/HDD/Repositories<br/>/MarkovPasswords/MarkovModel<br/>/src/dllmain.cpp"] --> C["/media/ignis/HDD/Repositories<br/>/MarkovPasswords/MarkovModel<br/>/src/pch.h"]; B["/media/ignis/HDD/Repositories<br/>/MarkovPasswords/MarkovModel<br/>/src/pch.cpp"] --> C;
```

The diagram illustrates a dependency structure where two source files, `dllmain.cpp` and `pch.cpp`, both include the `pch.h` header file. The header file is located at `/media/ignis/HDD/Repositories/MarkovPasswords/MarkovModel/src/pch.h`. The source files are located at `/media/ignis/HDD/Repositories/MarkovPasswords/MarkovModel/src/dllmain.cpp` and `/media/ignis/HDD/Repositories/MarkovPasswords/MarkovModel/src/pch.cpp`.
